Dear Miss Hornung:-

Here is the information you asked for in your letter of April 30th. I hope it will suit your purpose. Since Miss Kirkwood called me yesterday in regard to the use of my pictures for publicity purposes in the CLEVELANDER I wonder if you would mind calling this material to her attention as she might be interested in using it in that connection?

I hope you will pardon my delay in getting this back to you. I have been very busy with salon pictures and various matters in regard to PSA Portfolios.

Sincerely yours,
